

Education and Scholastic Achievements			
Program	Institute	CGPA/Percentile	Year
BTECH IN AIDS	LJIET, AHMEDABAD	9.04	2028
Class XII (GSEB)	SHREE L.B.S SCHOOL, RAJKOT	58.92	2024
CLASS X (GSEB)	SHREE KVKV SCHOOL, RAJKOT	94.67	2022
Achieved 99.75 percentile in the GSEB Class X Board Examination, securing a position among the top 0.25% of students across Gujarat, including a perfect 100/100 score in Mathematics.			
Coursework and Skills			
Coursework	Data Structures & Algorithms	Machine Learning	Full Stack Development
	Database Management Systems	Probability & Statistics	Computer Organization & Architecture
	Theory of Computation	Discrete Mathematics	Software Engineering
Languages	Python, Java, JavaScript, SQL, HTML, CSS		
Frameworks	React.js, Node.js, Express.js, Django, Bootstrap, Tailwind CSS		
Libraries	NumPy, Pandas, Matplotlib, scikit-learn, JDBC		
Databases	MongoDB, PostgreSQL, MySQL		
Tools	Git, GitHub, VS Code, Postman, MongoDB Compass, pgAdmin, Canva, XAMPP		
Projects			
<u>Women Safety System</u>	USING: <i>Python, Flask, Firebase, Google Maps API, JavaScript</i>		
	=> Developed a crime-aware navigation system that prioritizes safer routes over shortest paths .		
	=> Implemented a custom route evaluation algorithm using crime severity and risk analysis.		
	=> Built a one-touch SOS module with live location sharing and emergency contact alerts.		
<u>Social Media Platform</u>	=> Designed a verified crime reporting system with multimedia evidence and role-based moderation.		
	USING: Java, JDBC, MySQL, Data Structures, File I/O		
	=> Developed a modular social networking platform with authentication and post management.		
	=> Implemented likes, comments, shares, keyword search, and post recommendations.		
<u>KBC-Quiz game</u>	=> Leveraged LinkedList, HashMap, Hashtable, and multithreading for efficient data processing.		
	=> Integrated JDBC with MySQL and File I/O for persistent data storage.		
	USING: Java,OOPs, Multithreading, Collections Framework		
	=> Developed a console-based quiz game with category-based questions and prize tracking .		
<u>BlindHire AI – Unbiased Resume Analyzer</u>	=> Implemented multithreaded timer and interactive lifelines for real-time gameplay.		
	=> Designed an object-oriented architecture with dynamic question and leaderboard management .		
	=> Leveraged Java Collections Framework for efficient data and score management.		
	USING: Python, Streamlit, Pandas, pdfplumber, Matplotlib, Regex		
<u>BRTS booking system</u>	=> Developed an AI-powered resume analyzer to evaluate biased and fair hiring decisions.		
	=> Built an automated PDF parsing pipeline for skill and experience extraction.		
	=> Designed a bias detection engine with comparative scoring and interactive visualizations.		
	=> Implemented personalized skill recommendations through a Streamlit-based web application.		
<u>BRTS booking system</u>	USING: Java, OOPs, Array		
	=> Developed a console-based BRTS management system with ticket booking and smart card services.		
	=> Implemented a distance-based fare engine using station coordinates and automated pricing.		
	=> Built smart card authentication with balance management and entry/exit validation.		
=> Designed a modular object-oriented system with efficient passenger record management.			
Position of Responsibility			
(Open-Source)	PROJECT ADMIN MENTOR CONTRIBUTOR		
GirlScript Summer of Code (GSSoC) 2026	=> Managed GitHub repositories , reviewed pull requests , and coordinated open-source development .		
	=> Mentored contributors through code reviews , issue resolution, and technical guidance.		
	=> Contributed feature enhancements , bug fixes, and documentation using Git and GitHub .		
(Innovation)	GROUP LEADER		
Innovation Village 2026 LJ University	=> Showcased the Women's Safety System at the university's annual innovation exhibition.		
	=> Demonstrated a crime-aware navigation and SOS platform through live presentations.		
	=> Presented the project's technical implementation and real-world applications to attendees.		
Course/Certificate			
(via Coursera)			
GOOGLE	<u>Crash course on python</u>	IBM	<u>Introduction to HTML, CSS & JavaScript</u>
University of Pennsylvania	<u>Inheritance and Data Structure in JAVA</u>		<u>Data Analysis for Machine Learning</u>
LearnQuest	<u>Introduction to Programming Using Java</u>
